

# Who You Are

Words and Music by Riaan Pretorius (2008)

## **VERSE**

Now who do men say you are?  
Your children know you by your name  
You've been called so many things in different places  
To us you'll ever be the same

## **PRE – CHORUS**

Now my turn has come to let you in on how I feel  
Just 'bout who you are to me

## **CHORUS**

You're the Lion of Judah  
Lamb that is risen  
King of Kings  
The God of Israel

You're an awesome Redeemer  
You are my healer  
I am amazed by who you are  
Who You Are

## **VERSE**

You hold me through my darkest hours  
You told me who I am  
You raise my head when all around me seems broken  
My life has never been the same

## **PRE – CHORUS**

So my turn has come to let you in on how I feel  
Just 'bout who you are to me

## **CHORUS**

## **MIDDLE SECTION**

Even though this world has tried to take away my breath  
I will praise your name with all I have  
You've taken all my trials and bore my every pain  
All I can do now is praise your name

## **CHORUS** **CHORUS**
